Pranav Mistry@EmTech India 2010
Inventor, MIT PhD candidate. The future of
technology and Winner of TR35, 2009

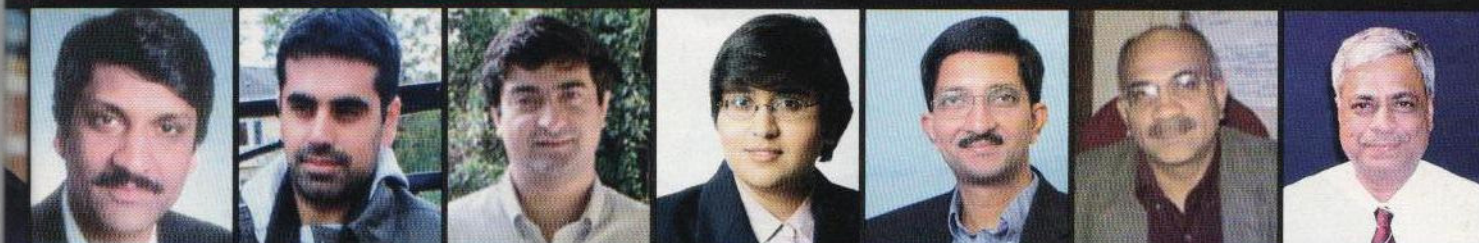

MIT Media Lab Workshop

MIT Media Labs lends its own brand of brainstorming to EmTech India 2010. Conducted by Media Lab researchers in three different focus groups, this unique session looks at problems in the real-world, and generate ideas about how can different technologies change our lives.

An Event Which Brings the Future of Technology to Life!

Explore the cutting-edge technologies that truly matter and the innovations destined to better our lives and fuel economic growth--only at EmTech India 2010. Meet and Learn alongside innovators, business & technology decision makers, scientists, policy makers, and investors from across industries on this innovation platform. Discover the technology before the headline, and become a global CXO!

Innovator of the Year and Humanitarian of the Year Awards!

The underlying mission of EmTech India 2010 is to highlight truly big, really exciting technologies. Innovations you may well never have heard of, but have clear transformative potential. This year Technology Review India will unveil the India TR35 - young innovators under the age of 35 working on cutting edge technologies primed to make a dramatic impact on India and the rest of the world.

Conference Agenda

KEYNOTES

- Engineering for the Future
- Minister's Talk
- Bottom-of-Pyramid Technologies
- Multicore, Manycore and Clouds
- Live presentation: The Sixth Sense

UNIQUE PROGRAM ELEMENTS

- Launch of TR35- young innovators under the age of 35
- 'Innovator of the Year' Award
- MIT Alumni Panel
- Launch of the India Innovation Fund
- Launch of MIT Enterprise Forum - India

INNOVATION LIVE!

- Demos ready to go to market

FIRESIDE CHATS

- Activating the Innovation Gene
- Challenges of Innovation in India
- Imagination and Technology

BREAKOUT SESSIONS

- MIT Media Labs Workshop
- Green Computing
- Innovative Diagnostics
- Wireless India
- Clean Transportation
- Future of Nanotechnology
- Neglected Diseases
- Future of Electronics

Inspirational Audience Experience

A wonderful opportunity to be exposed to a large variety of technologies, and to be able to interact with the upcoming innovations of technology.

— Al Meier, Senior Systems Consultant, Hewlett-Packard

It was one of the Best Events I attended this year.

— Sushil Kumar Sharma, Assistant Director, American Institute of Indian Studies

There are a lot of "accidental" meetings that make a big difference. It is very inspirational.

— Reg Smith, ViceChair, Advanced Technology, Innovation and Planning, Mayo Clinic

Delegate Fee: Rs 15,000
Special Interest Groups: Rs 10,000
